

Anawat Sunhur

Web Developer & SEO Specialist

Summary

Results-driven Web Developer and SEO Specialist with 3+ years of hands-on experience delivering over 30 high-performance websites across diverse industries. Proven expertise in blending modern front-end development (Next.js, Tailwind CSS, WordPress) with strategic technical SEO to optimize Core Web Vitals and drive organic growth. Adept at managing end-to-end web projects—from UI layout and complex database integration to seamless deployment—ensuring impactful digital solutions for businesses.

Work Experience

Freelance Web Developer & SEO Specialist

Freelance / Fastwork

January 2023 - Present

- Developed and launched over 30+ high-performance business websites for diverse clients across real estate, pharmaceuticals, advertising, and fitness industries.
- Engineered responsive front-end layouts and integrated complex databases using WordPress, Elementor, and modern web frameworks (e.g., Next.js, Tailwind CSS).
- Executed Technical SEO audits and optimized Core Web Vitals, successfully improving organic search visibility and search engine indexing.
- Managed end-to-end website deployment, including domain configuration, hosting setup, SSL implementation, and DNS management.

SEO Specialist & Web Developer

BPC Production Co.,Ltd. (MeeProperty)

January 2026 - May 2026

- Boosted Google PageSpeed Insights scores from low-performance levels to 80+ by resolving technical bottlenecks and optimizing website loading speed.
- Developed and optimized 5 strategic landing pages to enhance user engagement and improve conversion rates for a large-scale real estate property database.
- Resolved critical technical SEO issues, configured robots.txt, and improved overall website health to enhance search engine accessibility.
- Conducted extensive keyword mapping and implemented on-page SEO strategies tailored to the real estate market.

Web Developer (Student Employment)

King Mongkut's University of Technology Thonburi (KMUTT)

August 2025 - January 2026

- Developed and maintained the official website for the KMUTT Senate office using WordPress, focusing on usability and organizational requirements.
- Revamped website structure, navigation, and overall User Experience (UX) to better serve the university community and stakeholders.
- Managed daily website administration, performed content updates, and ensured consistent system stability.
- Collaborated directly with stakeholders to implement feature enhancements and provided ongoing technical support and issue resolution.
